

# Maths week

## 18<sup>th</sup> - 22<sup>nd</sup> May

During this year's maths week the children will be enjoying lots of different mathematical activities.

Each class will be focusing on topic based maths activities in school.

There are 4 different competitions running throughout the week that you can enter, with great prizes on offer. Work for these competitions is to be completed at home. We do not expect children to take part in every competition, but we do expect them to attempt at least one competition as well as attempting the timestables challenge.

Monday	Tuesday	Wednesday	Thursday	Friday
Create and/or learn a mathematical <u>song, rap or poem</u> competition	<u>Tallest sunflower seed</u> so far competition	<u>Timestables Dual Competition</u> (not Acorn class)  The quickest 2 children from each year group in recalling their timestables will challenge each other in a dual in assembly!	<u>Design &amp; make a superhero mathematical cape</u> Competition  <u>Cape Catwalk!</u>	<u>No competitions today</u>  <u>Mathematical lunch option</u>  <u>Maths Week Celebration Assembly</u>  Parents are welcome to attend

### Timestables Challenge

During maths week we are challenging children to practise recalling their timestables in a random order. This challenge is for children in Chestnut, Willow & Oak class. Children will have a sheet to practise their timestables on each day. We would like children to practise recalling their timestables everyday and then ask someone at home to time them. The quickest 2 children at recalling their timestables in a random order will challenge each other in a dual on Wednesday!

Many thanks for your support, Miss Hill
