

As **Historians** we will use Darwin as our inspiration and look at the amazing research he completed over his lifetime. We will look at how Darwin recorded his findings and compare them to how David Attenborough does now.

In Geography we will create a map of the school and carry out a study of the local area. We will develop our map skills and create a map of Mountnessing.

Our two main focusses in PSHE are Relationships and Changing me.

In R.E we will be looking at Special Ways of Living focussing on personal experiences.

In music our focus will be on songs that use the imagination. We will be listening to and appraising songs building on our knowledge and understanding of the interrelated dimensions of music.

Routes and Shoots

CHESTNUT CLASS
Year A Summer term

As **Scientists** we will be looking at the different types of plants and flowers that grow around us and how they are used. We will look at what plants need to grow and carry out investigations link to this.

As **artists** we will be observing and looking closely at Sunflowers we have grown. Using these we will make observational drawings. We will also be looking at the work of Van Gough and creating our own Sunflower.

In D.T we will be looking at making and marketing our own healthy smoothie. We will grow our own strawberries and raspberries to use in our smoothies. We will carry out taste tests to see what flavours will work best together.

In P.E we will trying to improve our jumping and running and will link this to outdoor games. We will continue to develop our gymnastic skills and explore roots and shoots through ur bodies.

In computing we will become Story tellers – We will use the i-pads to record our own traditional tales.

Literacy:

- Traditional tales – The Enormous Turnip
- Leaflets
- Performance Poetry
